Hi Diane,

Thanks again for your call yesterday. I'm pleased to attach our Membership Offerings for your review and to forward along to your clients who are searching for properties in Prescott. Please know that our prices may change at the beginning of the year, so updated information should be requested at that time.

Concerning our golf memberships, your review of the attached information will reveal that our Frontier Membership is attainable with a one-time non-refundable fee of \$5,000 (\$2,500 through October) along with monthly dues in the sum of \$640 and include unlimited use of carts, along with a complimentary locker and bag storage.

All of our memberships provide unlimited use for couples living in the same household, including children under the age of 23. We also have some additional promotions we are offering toward all of our golf memberships this summer.

Please note that the Frontier, Prospector and Founders memberships all *include unlimited use of carts at no additional charge.*

The **Founders** and **Prospector** Memberships provide a long-term membership option with ***no monthly dues involved.***

As you can see, there are actually additional benefits available under the Founders and Prospector Memberships which are not included in the Maverick or Frontier Memberships. **Please pay close attention to the separate attachment concerning our Discovery Golf Membership which is a 90-day Trial all-inclusive Golf Membership.** If golf is your game, this is a great way to discover all that we have to offer at Capital Canyon Club.

At the conclusion of the Discovery Membership, the \$2,500 previously paid will apply to the initiation fee of your golf membership of choice. Further, all of our golf memberships provide our golf members Troon Privé privileges which means access to all Troon managed private clubs around the world for discounted fees of either \$55 (peak season) or \$35 (non-peak). Golf members may play any or all of those courses up to 6 times per year per facility. For additional information, please visit www.troonprive.com.

In the event a social membership is of more interest, please review the information which is detailed in The 1864 Membership. The \$1,500 initial fee requirement is a one-time non-refundable fee. The monthly dues of \$110 provide those in a household (two adults and any children under the age of 23) full use of our clubhouse facilities, fitness center, seasonal outdoor pool and hot tub, and access to all of our social events. Each person have access to seven rounds of golf per year which may be played for a fee of \$60 during peak season (carts included).

The food & beverage minimum for all of our memberships is an Annual program, so the requirement may be fulfilled by simply spending \$1,200 in food and/or beverage throughout a calendar year, so it's not necessarily \$100 per month. If you join mid-year, that sum would be pro-rated through December. Please be aware that no food & beverage minimum is required during the Discovery Membership.

I would be happy to give you and your clients a tour of our clubhouse and provide more detailed information about the club when it is convenient. Of course, for golfers, a playing tour of our course is a must.

Let me know how I may assist you and your clients when the time presents itself!
